

Farmdale.

We are having more or less rain every few days.

Mr Sherman made a business trip to St Andrews one day last week.

There were two drummers here this week soliciting orders from our merchants.

Mr Lupton, our genial light house keeper, was shopping in our burg Saturday.

Miss Florence Dyer spent a couple of days with her friends at Farmdale this week attending singing, Sunday school, and returning home on Monday's mail boat.

Our Justice of the Peace is now ready to attend to all legal business that comes under his jurisdiction. Hope he will soon have a chance to marry some party as we need more families here.

John's fishing crew stopped at our wharf on their way from a fishing trip up the bay, and while waiting for the tide to change spent a half hour turning hand springs off from the end of the wharf.

Talk about St Andrews bay being isolated is all bosh. Since the rail road has struck the bay we get papers from Pensacola and different cities the same day they are printed. We have a daily mail and can get the news as quick as any location in the state.

Now Mr Editor allow me to say something about Miss Lillian Carlisle's proposition in regard to cutting the East Bay canal. In the first place it does not require 9 feet of water for any boat that runs on any of the tributaries of the Apalachicola river, as 3 feet draft is as much as any of them will draw from Apalachicola to Columbus, Ga. Six feet will be plenty deep to let the biggest boat on any of the aforesaid streams to come right into St Andrews bay. Now the first move to be made to hasten the cutting of this canal will be to circulate a petition asking our legislature to grant us a charter to cut a canal from the Apalachicola river to East St Andrews Bay via of Wetappo creek. But we need not be idle while waiting for the charter, but circulate a subscription list for money to make a survey and estimate of the cost of cutting said canal. We are well pleased with Miss Carlisle's proposition and I think the ladies of Farmdale will take right hold and help carry out her plans.

I have written to different points on the Apalachicola river trying to get them interested in the cutting of this canal. Now let everybody lend a helping hand and get this little job over with. It can be put through in six months from today if everybody interested would take hold with a will.

NOTE.—For the information of our correspondent and others the PILOT would state that it does not require any petition to be circulated to procure a charter to build a canal.

Section 2647 of the Revised Statutes which is the law under which such a corporation is formed reads as follows:

"Any three or more persons may associate themselves and become incorporated for the transaction of any lawful business of a public or private character, including all works of internal improvement."

Other sections give the lawful methods of procedure, and Sections 2800 to 2825, inclusive, state the special provisions granted and define the rights and powers of a canal company.

The question of depth of water is yet to be decided. That talked of, 9 feet, is that named by the authorities in their plans for the connecting canals, and improvements of the rivers.—(Editor.)

The Terrell saw mills of the Tampa-Havana Lumber Co., which have been closed for several months on account of the depression in the business world, will resume business next Monday with a full force. They are among the largest mills in Florida. This may be taken as an indication of the advancing prosperity of the field this company covers or it may have been made possible by the recent advance in the price of lumber.—Times Union.

Allanton.

Geo. Danley and family, and crew, are now settled here in their logging business.

It is good to see so many good reliable white men coming in and engaging in the turpentine work.

The Allan boys launch is out of commission, waiting for repairs that were sent by express, and have been in Pensacola about three weeks. Another object lesson of our great need of a Parcels Post.

Everyone up here seems to be very busy. The mill is running on full time. They sawed a soft pine tree last week that scaled 1,200 feet. They got out of it more than 800 feet of prime lumber, and boat lumber up to 22 inches wide, but there are not many such trees.

Cromanton.

Mrs E. C. Spider spent the day Friday on this side with home folks.

Aud Spieer has commenced bringing lumber for the new school house.

Mrs E. S. Smith took dinner with Mr and Mrs E. S. Kinney Thursday.

Mr Fradosia took a party out to the gulf on Sunday. All report a fine time.

Mr and Mrs Cullen Raffield, of Auburn, drove into visit with friends over Sunday.

Miss Bertha Hoskins entertained a few friends on Friday, it being the 15th anniversary of her birth.

Miss May Brown is visiting friends and relatives in Apalachicola. Her girl friends here miss her, and are hoping her stay will be a short one.

Mrs Walter Parker, of Parker, and the Misses Jessie Hinson and Blanche Davis, of Campbellton, who are spending the summer at Parker, visited Miss Bertha Hoskins on Friday.

Callaway.

B. A. Rhodes was in Millville on business, Wednesday.

Mrs M. N. Carlisle called on Mrs Wood, Sunday evening.

Mr. Rogerson visited his fellow Masons at Parker lodge Saturday.

McEdwin Rogerson was a business caller in Millville Wednesday.

Miss Lillian Carlisle is kept quite busy with the canal work these days.

B. A. Rhodes and wife, called on W. C. Wood and family, Sunday evening.

Mrs W. C. Wood and mother, Mrs Reynolds, spent Wednesday afternoon with Mrs McGrogerson.

Little Misses Pura and Lilly Wood spent a very pleasant day with little Miss Evelyn Rogerson, Saturday.

H. J. Carlisle and sister, Lillian, attended conference of the Baptist church at Millville, Saturday evening.

The Eva delivered a heavy freight for Covington, Rogerson & Co. She looks fine with her clean new dress of paint.

The Millville Baptist church is to be congratulated upon her call for a pastor for the ensuing year, Rev. N. A. Buckley, being their choice.

Little Miss Pura Wood spent Monday night with her aunt, Mrs Carlisle, accompanying Miss Lillian to Millville and Panama City on Tuesday.

The Fox-Wood fish crew captured some thing like 2,500 pounds of nice fish at one haul on Monday, which they readily sold to Mr Williams, at Panama City.

Hon M. N. Carlisle is expected home Saturday. He will be accompanied by his niece, Miss Mary Jones, who will spend some weeks here, enjoying our breezes, etc.

This is the way the DeFuniak Herald speaks of our Jim who was inveigled into playing base ball with the team there.

"We never thought Jim Morrison was anything specially killing for good looks till he came prancing over the home plate in Fridays game, and when he got that long fly, away down nearly to Argyle, he looked mighty good to us.

Wetappo.

James Oliver was in our little town on Tuesday.

L. W. Enzor was down from Sandy Creek Sunday.

D. W. Raffield was here and at Farmdale Monday.

Miss Florence Dyer spent Sunday visiting at Farmdale.

The Cuba was up Wetappo Creek on a fishing trip last week.

Mr Burke and sister were business callers here one day recently.

Messrs Dyer and Kronmiller are burning another kiln of brick.

Mrs T. C. Oliver and Miss Effie Taylor spent Saturday at S. Dyer's.

Mesdames Kirwin and Taylor and J. R. Kirwin, were callers at S. Dyer's Saturday afternoon.

J. Ward who is picking up logs on Sandy Creek spent Sunday with home folks at Millville, going down on the mail boat Saturday and returning Monday.
